--------------------------------------	---	--

This document confirms that the potential hazards have been considered and action/precautions taken to mitigate risk. It is the duty of the Risk Assessor to ensure that risks have been accounted for and that all attendees are familiar with the issues raised in this Assessment. Individuals involved in this activity (or in the immediate vicinity) shall be briefed before they commence operation so that their actions remain safe, and that due care and consideration is given in respect of other attendees, members of the public, and the surrounding area.

## Declaration:

I confirm that I have undertaken a risk assessment for this amateur radio activity and completed remedial action where risks to Health and Safety have been identified. I also confirm that I will provide a Safety briefing to persons manning this event on behalf of the above named club.
