
Annual General Meeting Report

The position of Chairman remained vacant after the AGM, this may mean that some decisions relating to the club's future may not be able to be made. However the position of Event's Coordinator has been filled by James 2E0SUQ his email is station@2e0suq.com. This will also be my last newsletter as Nigel M0ICH will be returning to this role, so please send news items to him.

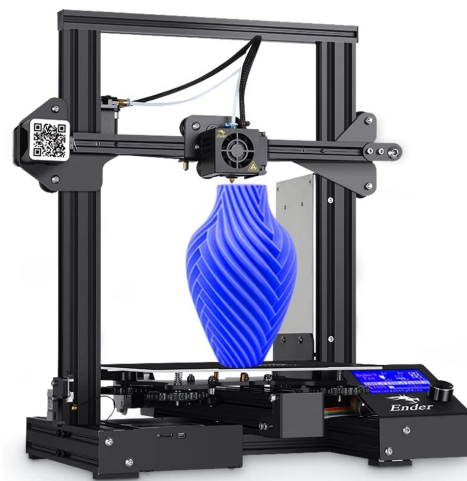

GBIEWT ESSEX WILDLIFE TRUST

The first event of the year is on Saturday 15th at EWT, access for setup is from 7:30-8am. We hope to have 3 stations operational but this will depend on the number of people there to setup/operate.

3D PRINTING PRIMER

If you have ever thought about this useful hobby addition, we will be having a presentation about getting started, looking at all the parts required and the various options and live demo showing just how items are created. This is at the request of a member but if you would like to join us on Thursday 13th April at 7:00pm just send a request to chair@taarc.co.uk for the link.

CLUB WEBSITE

James 2E0SUQ and Gordon M0WJL are in the process of updating the Clubs website, so lookout for the changes coming up. A members forum and marketplace have been discussed, if there is anything you would like to have on the website just let us know on the chairs email address.

Don't forget to keep an eye on the club calendar where events will be confirmed when they are fully arranged.
